

New Dental Equipment

DENTSPLY Tulsa Dental Specialties recently introduced its newest piece of equipment—the **ProMark Endodontic Motor**. According to the manufacturer, the ProMark Endodontic Motor is the company's most versatile and complete endodontic motor for rotary and reciprocation. With its brushless motor, the manufacturer states it delivers the ample power and consistency of full A/C "mains" power and is compatible with a variety of e-type handpieces. Some of the other features listed by the manufacturer include: auto-sensing global voltage compatibility (110/220 V), powerful 30,000 RPM brushless motor that can be autoclaved, delivers smooth reciprocation, integrated rotary and reciprocation file series library and is fully programmable for individual preferences. The ProMark Endodontic Motor is available for \$1,699.00 (suggested retail) and \$1,338.02 (government).
